- Sale of CCS Property in Gering -- being offered \$10,000 per acre for the remaining land. Discussed original purchase of the land and purpose behind it. The vision for the school has changed over the years. Discussion that if we were to sell we need to use that money to improve our current school.
For now, the issue will be tabled to pray on it and make the best decision. Will revisit it next meeting unless the board feels a special meeting needs to be called.
- Quarterly Google Forms to Families -- Robert Rogers would like to start trying to get more families involved with input to specific issues. Thinking Google forms/surveys might help those who can not attend board meetings get involved and have their voices heard.
